Club Objectives

- To promote fine woodworking
- To interact with each other in a learning and teaching environment.
- To enhance the technical and artistic abilities within the Club by sharing skills and techniques.
- To showcase fine woodworking to the wider community.

Club Activities

Club meetings are designed to encourage members to improve existing skills, learn new techniques and share their expertise.

Show and Tell

This is a highlight of each meeting, when members show their recent work and invite comment and can seek advice.

Demonstrations

Skilled demonstrators, from within the club or specially invited, present sessions on various aspects of woodturning as well as other woodworking skills.

Members are encouraged to replicate the demonstration and bring it to the next Show and Tell.
